BRICK CLADS

Montta now offers a collection of traditional brick inspired wall cladding for interiors and exteriors. Brick clads create an aura of timelessness and give space a soothing experience. They are made of polymers, cement, recycled aggregates, sand and pigments. They have low water absorption rate and good abrasion resistance, offering unmatched durability.

Montta Our new collection also has a range of fresco colors with antique effects, in line with the international trends. we develop unique finishes, on request, for challenging projects.
